" Howdy Everyone. As you know SCAT is always on the lookout for ways to get the word out about what we do, find homes for our precious bundles, more volunteers to help, and of course money. My old beast finally gave up the ghost and I had to buy a new vehicle a little while ago, and happened to be talking to the good folks at Abacus Signs and so I decided to practice what I preach and help out in the advertising part by letting my car become a roving billboard for SCAT.

Abacus Signs graciously sponsored a portion of the sign and off I go. Of course it means that I can no longer sneak past the police...that's the part I forgot about!

Ah well, it does come in handy for people to find me to ask questions and it definitely came in handy the one day I had to quickly pull over to the edge of the road and rescue a young male cat (Ironstar) that had been grazed by a vehicle. The other cars were wonderful, staying back out of the way so as not to scare the cat anymore than he was. Ironstar is fully recovered and looking for that great home now. He is truly a great cat.

So, if you see this good lookin red car hanging around, please stop by and say hello and /or by all means, say hello to the great folks at Abacus Signs."

This is the wonderful fellow Ironstar. He is great kitty. See how nice he poses.

Volunteers Needed

SCAT is always on the lookout for new volunteers. The more people we have, the more we can do for the cats. We are looking for people to help clean at our Adoption Centre on Faithfull Avenue, our Adoption Centre at Petsmart at Preston Crossing, Foster Homes for incoming cats or cats currently in our program. We are also looking for people who do crafts such as catnip mice and kitty blankets, as we sell those items at our adoption centre and at various events such as our Market Mall weekend. Another important thing needed is cat cuddles for our feline friends. Even if you can only come for an hour, all is very much appreciated. If you are interested or know of someone that may be interested, just stop by or call our adoption centre on Faithfull Avenue. We also have a volunteer application on our website that can be downloaded then dropped in at the adoption centre. Pass the word around. Come out and help our wonderful kitties! SCAT thanks you and the cats thank you too.

Note From the Editor

Just a short note to thank all who gave me ideas and such for this newsletter. I hope you all enjoy it. SCAT has been very busy with cats coming in and those being adopted. Thanks to all who have helped out our recent events and at our adoption centres. And also thanks to all of our wonderful sponsors too. Watch for an upcoming special Christmas Newsletter. If you have any

Mr. Edward Horton

This dapper looking fellow pictured here is Mr. Edward Horton. He came to us after surviving the winter, even when it was -50 outside. He made it through by staying by a feeding station and hut for ferals. When we brought him in, he was a bit rough. He had matted fur, some scrapes on himself, and dare I say, some mouse droppings in his fur. After a great haircut and some time at the vet clinic, he has done very well. Right now, he is residing at our adoption centre on Faithfull Avenue. However, he has gotten just a wee bit on the portly size. He just loves his food. I guess living out-

doors last winter taught him to eat when he could and as much as he could. Edward Horton would love to be in his own home; foster home or even better, a forever home.

This would be really good for him so that his food intake could be a bit more regulated and then he could slim down a bit. Edward Horton is a wonderful guy. He is very friendly and seems to get along fine with the other cats at our adoption centre. Please call

the adoption centre on Faithfull Avenue or

check out his profile on our website. Please consider opening your heart and home to this wonderful fellow. He will surely make everyone very happy for a long time.
